International Coalition of Intelligent Manufacturing

**Invitation to the Founding Meeting of
International Coalition of Intelligent Manufacturing**

April 2, 2019

Dear Sir or Madam,

You are cordially invited to attend the Founding Meeting of the International Coalition of Intelligent Manufacturing (ICIM) which is to be held on the morning of May 8, 2019 in Beijing Xiyuan Hotel, China. ICIM was initiated by 13 academic societies which are affiliated to the China Association for Science and Technology. On May 8, 2018, the Orientation Meeting of ICIM was attended by more than 120 representatives of 70 organizations from 13 different countries and regions. The Meeting was a great success. At the meeting, the Preparatory Council was formed to prepare for the launching of ICIM.

As of now, 54 organizations from 16 countries have confirmed to be the founding members of ICIM. The ICIM's Preparatory Council will be hosting the Founding Meeting of the International Coalition of Intelligent Manufacturing on the morning of May 8, 2019. At the meeting, the Academic Council of the ICIM will be found as well. The 7th International Intelligent Manufacturing Conference will take place at the Beijing Exhibition Center in the afternoon of May 8.

You are kindly invited to attend the Founding Meeting. (All attendees will be responsible for their own travel expenses. All participants are invited to join us at the luncheon as our guests). If you are going to attend, please fill out the registration form and return by **April 20, 2019**. Thank you so much for your support!

Introduction of the 7th International Intelligent Manufacturing Conference (IIMC)

The sixth annual IIMC was hosted by the Chinese Academy of Engineering in conjunction with the Ministry of Industry and Information Technology and China Association for Science and Technology. The Chinese Mechanical Engineering Society has been instrumental in initiating, planning, hosting and making this a successful conference. Highly integrated with academic research and industrial applications, the IIMC is the earliest and the most authoritative technological event in intelligent manufacturing.

Since 2013, the IIMC has continuously organized 6 keynote reports, 18 reports of featured themes, and 3 high-level Sino-German round-tables. The conferences featured 270 influential speakers, 15 members of CAS and CAE, and 48 foreign experts.

Participating government organizations include the Chinese Academy of Engineering, the Ministry of Industry and Information Technology, the China Association for Science and Technology, the German Embassy, the British Embassy, the U.S. Embassy in China, and the Federal Ministry for Economic Affairs and Energy of Germany.

Participating companies include 52 famous domestic and foreign enterprises. They are CRRC, CSSC, AVIC, Haier, Gree, Midea, Autodesk, Siemens, SAP, Phoenix,

Fraunhofer-Gesellschaft, General Electric Company and Rockwell, etc.

Lu Yongxiang (Members of CAS & CAE), Miao Wei (Minister of MIIT), Zhou Ji (Member of CAE) and Huai Jipeng (Chief Executive Secretary of CAST) will be invited to the 7th IICM. Technological experts of intelligent manufacturing from Germany, UK, USA and Japan will be invited to speak or deliver keynote presentations. The 2018 Development Report of Chinese Intelligent Manufacturing Key Fields will be announced at the Conference.
