Call for Papers - COMEC 2023

XI International Scientific Conference on Mechanical Engineering

Announcement

The Faculty of Mechanical and Industrial Engineering of the Central University "Marta Abreu" of Las Villas, Cuba, and the Otto von Guericke University Magdeburg, Germany, will host the XIth International Scientific Conference on Mechanical Engineering, COMEC 2023. The conference is part of the IV International Scientific Conference on Science, Technology and Society "CCI 2023".

It will be held under the auspice of the Ministry of Higher Education of the Republic of Cuba on the beautiful Cayos de Villa Clara from November 13 to 17, 2023.

The main objective of the conference is to facilitate the exchange between numerous professionals from academia, business, governmental actors, international organisations and the public. Thereby, the technological progress and its current applications in various industries will be presented, analysed and discussed.

On behalf of the entire organising committee, I invite you to submit and present your contributions. We will do our best to organise the conference in a climate of solidarity and friendship.

Yours sincerely

Prof. Dr.-Ing. Dr.h.c. Prof. h.c. Norge Isaias Coello Machado
President of the organising committee COMEC, 2023

Organizing Committee

Honorary President:

Dr. Raúl Alberto Pérez Bermúdez
Dean of the Faculty of Mechanical and Industrial Engineering
Universidad Central "Marta Abreu" de Las Villas (UCLV), Cuba

Presidents:

Prof. Dr.-Ing. Dr.h.c. Prof.h.c.
Norge Isaias Coello Machado
Faculty of Mechanical and Industrial Engineering
UCLV, Cuba

Prof. Dr.-Ing. habil. Thorsten Halle
Dean of the Faculty of Mechanical Engineering
Otto von Guericke University Magdeburg,
Germany

Executive Secretary:

Dr. Lázaro Humberto Suárez Lisca
Faculty of Mechanical and Industrial Engineering
UCLV, Cuba

Coordination:

Dr. Ricardo Alfonso Blanco
Head of the Mechanical Engineering Department, UCLV

Prof. h. c. Dr.-Ing. Dr. h. c. Elke Glistau
Otto von Guericke University Magdeburg,
Germany

Prof. Prof. h.c. mult. Dr.-Ing. habil. Ph.D.
Béla Illés
University of Miskolc, Hungary

Prof. Dr. Ing. habil. Dr. h.c. Oliver Moravcik
Slovak University of Technology in Bratislava (STU), Slovakia

Call for Papers - COMEC 2023

XI International Scientific Conference on Mechanical Engineering

Conference Objectives

- To promote research, development and technological innovation in the fields of logistics, mechatronics, biomechanics, materials science, welding, energy and the environment. Scientific exchanges on their role in the convergence of knowledge.
- Dissemination of knowledge and experience to improve productivity and quality.
- Promoting the exchange of experience on teaching in mechanical engineering.
- Increasing the willingness to integrate and build strategic alliances that can contribute to the development of new ideas in the different sectors of society.

Events of the Conference

- XVIII Materials and Welding Symposium
- VI Symposium of Computer Aided Design and Engineering, Biomechanics and Mechatronics
- VI Symposium of Logistics and Quality Management
- IX Workshop on Teaching Mechanical Engineering

Paper Formatting & Guidelines

Papers will be sent in PDF files (A4 format), written in Times New Roman, 12 points, 1.5 line spacing and margins of 2.5 cm on each side; with paragraphs justified and 15 pages maximum, including appendices. The official template can be downloaded at: <https://convencion.uclv.cu/>

- Capitalized title (up to 15 words)
- Author and co-authors with their emails.
- Institution and country of each author and co-author. Declare academic position as well as scientific degree.
- Summary of the work (up to 250 words).
- Keywords (up to 6)
- Text of the work (must have an introduction where clearly the objectives of the work are stated, the development of the work should be grouped into epigraphs, the conclusions, bibliographical references and annexes, where the tables and figures appear).
- The APA standards will be used for bibliographic references.
- Language of the works: Written works will be received in Spanish or English.
- The title, summary and keywords will be in the same language as the work. In the case of Spanish, you have to add the English translation for the title, the summary and the key words.
- The Organizing Committee reserves the right to accept or reject the papers to be presented and does not guarantee the publication of the works received after the deadline.
- The organizing committee of the XI International Conference on Mechanical Engineering (COMEC 2023) will select the best papers which will be published by the Library of the Otto von Guericke University of Magdeburg, Germany, each publication will have a DOI, will be published under the license CC BY SA 4.0

Important deadlines:

- Submission of the abstracts for the evaluation of the work until July 01, 2023
- Official notification of acceptance until July 15, 2023
- Final submission of the approved works until October 06, 2023

Call for Papers - COMEC 2023

XI International Scientific Conference on
Mechanical Engineering

Event attendance, fees and registration

During plenary sections and other main activities of the event simultaneous interpretation will be available for English to Spanish, in some cases also German.

The event will take place at the tourist destination Cayos de Villa Clara.

The registration payment can be made in two ways: Bank transfer to net value or in cash. In the latter case, participants may pay the fees as published in this flyer

- Foreigners (USD) \$250,00
- Virtual foreigners (USD) \$80,00 (only publication)
- Foreign students (USD) \$100.00
- Virtual foreign students (USD) \$40.00

at the conference venue at the time of accreditation. The papers of non-present delegates who do not personally participate in the Conference will be published only after payment has been made.

Certificates

The Organizing Committee will issue certificates of the publication upon request.

Venue and date

Tourist Destination / Hotel on the Cayos de Villa Clara / Cuba; the concrete name of the destination / hotel will be announced in due time

November 13th to 17th 2023 (Monday till Friday noon)

Share the Call and questions

The Organizing Committee invites you to extend this call to personalities, scientists and professionals from the technology sector who wish to share their knowledge on this conference. We appreciate your opinions, suggestions or questions. You can contact us at the permanent secretary office.

Dr. Lázaro Humberto Suárez Lisca

Executive Secretary COMEC 2023
